

# PREMIUM BAR & CHAIN OIL

## DESCRIPTION

Premium Bar and Chain Oil is formulated with premium base stocks and highly effective additives to provide optimum performance and protection for chainsaw bars, chains, and sprockets. Formulated to resist dripping and sling-off, Premium Bar and Chain Oil protects against wear, prevents rusting and reduces friction and heat build-up on cutting chain and guide bar. Premium Bar and Chain Oil can be used at a wide range of temperature and maintains superior performance in cold weather. For extremely cold weather, consult your operator's manual.

## APPLICATIONS

Recommended for all makes of chain saws and any type of link chain that requires lubrication and enhanced wear protection, including motorcycle and bicycle chains, as well as farm, industrial, and other recreational equipment chains.

## BENEFITS

- Effective anti-wear properties; protects against wear, and extends bar, chain and sprocket life
- Advanced rust and corrosion protection
- Enhanced tackiness reduces dripping and sling-off

# PREMIUM BAR & CHAIN OIL

## TYPICAL PHYSICAL PROPERTIES

PROPERTY	TEST METHOD	
Density @ 15 °C, g/cm <sup>3</sup>	ASTM D4052	0.913
Viscosity @ 40 °C, cSt	ASTM D445	117
Viscosity @ 100 °C, cSt	ASTM D445	10.5
Flash Point, °C (°F)	ASTM D93	178 (352)
Pour Point, °C (°F)	ASTM D5950	-36 (-33)
